

Ferrari F430 Dry Carbon Wing

ASI offers stunning quality and unprecedented variation with our Ferrari dry carbon wing program.

Each of these masterfully crafted, featherlight dry carbon wings optimizes your Ferrari's downforce for unbelievable high speed performance, while also giving your ride a distinctive and powerful look.

In keeping with the spirit of tuning and customization, we offer three different wing designs for a variety of uses, with Circuit types including an optional Gurney flap.

Circuit Type I

Circuit Type II
